# How to use UMI's *Craft Kingdom*<sup>®</sup>

Young children need to learn Bible truths through all their senses.

*Craft Kingdom*<sup>®</sup> will involve the child in active learning, making the lessons a part of their lives. This activity book uses a variety of skills to help students be prepared for school. Cutting, pasting, coloring, and following directions are skills all children need to learn. *Craft Kingdom*<sup>®</sup> activities reinforce Bible teaching and make Sunday School fun.

Remove activity pages from the book for younger students. Older children may remove the pages themselves. Fold along the perforation to make tearing easier.

## Creative Handwork Activities for ages 2 to 8

September • October • November 2023

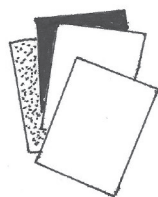

Cut the lesson number margin from the top of the activity page. Heavy lines show where to cut, dotted lines show where to fold, and gray lines show where to glue colorful pieces cut out from the front or back covers. Allow

older students to do as much of the handwork as possible themselves. Younger children may skip coloring small pictures or color creatively.

Enrichment suggestions are included for students who enjoy challenging craft activities. Teachers may make each week's craft before class, so they are familiar with the supplies needed and are better able to help the students.

construction paper

### Lesson 1:

Children may color the activity page on both sides. Cut on the dark lines. Fold on the dotted line. Children may lift the letter tabs to see ways God has blessed them.

### Enrichment suggestion:

Older children may think of more ways God has blessed them. For example, a good teacher or school, good health or relatives who live nearby. Students may write these added blessings on the inside of the letter tabs.
