**Lesson 4:**

Make a cowboy and cowgirl picture to hang up. Children may color the picture and glue it to a 8 1/8" x 10 1/2" sheet of construction paper. Punch a hole at the top and thread a 12" piece of yarn through to hang the picture.

Enrichment suggestion:

Punch holes at the dots around the edge of the picture. Use a 46" piece of yarn to "stitch" through the holes. Wrap a bit of tape around the end of the yarn to "stitch" more easily. Start at the top, leaving a 6" piece of yarn. Stitch all around the picture and end at the top on the other side. Tie the ends of yarn together so the picture may hang.
